توصيف مقرر دراسي
بناء علي المعايير الأكاديمية المبنية علي الكفايات
ابريل ٢٠١٧

جامعة : بنها
كلية: التمريض
قسم :تمريض أمراض النساء والتوليد
تاريخ اعتماد التوصيف: ١٤-٩-٢٠٢٣
1- بيانات المقرر:

الفرقة / المستوى		اسم المقرر : Obstetrics and Gynecological Nursing		الرمز الكودي : NUR 311
Third year: First &Second semester		(4) hours ×15 weeks	عدد الساعات المعتمدة: نظري	التخصص : Bachelor Degree in Nursing Science
(12)hours×15 weeks	عملي			

2 - Aim of the course:

The course aims to provide the undergraduate students with basic knowledge, skills and attitudes needed for providing competent nursing care to females during normal and abnormal reproductive period, menopause, family planning and gynecological problems.

3-Course specification based on competency:

توصيف المقرر المبني على الكفايات

Domain No. 1 Professional and ethical practice

Competency	Key elements	Course Subjects	Subjects Objectives	Teaching Methods	Media used	Assessment Methods
<p>1. 1 Domain Professional and ethical practice Competence</p> <p>1.1 Demonstrates ethical and professional nursing knowledge and practice in accordance to legal obligations and diversity to excellent, equality and sustainability.</p>	<p>1.1.3 Implement policies and procedural guidelines in the field of nursing practice considering patients/clients rights.</p>	<p>Normal labor</p> <p>Anatomy and physiology of female reproductive system</p> <p>Normal puerperium</p>	<p>1.1.3.1 Demonstrate rules and regulations For women's right in nursing care</p> <p>1.1.3.2 Maintain privacy and confidentiality of data gathered in midwifery nursing care</p> <p>1.1.3.3 perform nursing care according to hospital policies and procedural guidelines, taking into account women's rights</p>	<p>-Demonstration</p> <p>-Simulation</p> <p>-Small group based learning.</p> <p>-Electronic learning/ blended learning</p>	<p>Power point</p> <p>Data show</p> <p>-Educational video</p>	<p>-Semester work (electronic quizzes ,Periodic clinical examinations &Mid- term examination(electronic))</p> <p>-Final written examination(Electronic)</p> <p>-Final practical examination</p> <p>-Final oral examination</p>

Domain No. 2 Holistic patients/clients care

Competency	Key elements	Course Subjects	Course objectives	Teaching Methods	Media used	Assessment Methods
<p>Domain 2 Holistic patients/clients care</p> <p>Competence 2.1</p> <p>Provide holistic and evidence-based nursing care in different practice settings</p>	<p>2.1.1 Provide holistic patients/clients care focused on bio- psychosocial and environmental assessment of health and illness in different setting.</p>	<p>Physiological changes of Normal pregnancy</p> <p>Menopause</p> <p>Normal puerperium</p> <p>Abnormal pregnancy(bleeding in early & late pregnancy)</p>	<p>2.1.1.1 Identify holistic approaches focused on the physiological changes of normal pregnancy.</p> <p>2.1.1.2 Provide holistic women –centered care for management of menopause.</p> <p>2.1.1.3 Provide holistic women –centered care for management of normal puerperium.</p> <p>2.1.1.4 List common medical disorders during pregnancy.</p> <p>2.1.1.5 List main causes of bleeding during pregnancy.</p>	<p>-Simulation -Clinical Practice -performance based learning.</p> <p>-Problem solving learning. -Electronic learning/blended learning</p> <p>-Small group based learning. -Advanced mobile Devices.</p> <p>-Simulation -Problem solving learning. -Electronic learning/blended learning</p>	<p>Power point Data show -Educational video</p>	<p>-Semester work (electronic quizzes ,Periodic clinical examinations &Mid- term examination(electronic)) -Final written examination(Electronic) -Final practical examination -Final oral examination</p>

Domain N0. 2 Holistic patients/clients care continue

Competency	Key elements	Course Subjects	Subjects objectives	Teaching Methods	Media used	Assessment Methods
Domain 2 Holistic patients/clients care Competence 2.1 Provide holistic and evidence-based nursing care in different practice settings	2.1.6 Apply evidence based nursing practice that assist in clinical nursing practice to improve nursing care of patient/client, family and communities 2.2.1. Assess health related learning needs of patients/clients within the context of culture, values and norms	Infertility	2.1.6.1 Implement appropriate nursing activities skillfully and in accordance with best evidence- based practices of infertility.	-Clinical Practice Electronic learning	Power point Data show	-Semester work (electronic quizzes ,Periodic clinical examinations &Mid- term examination(electronic)) -Final written examination(Electronic) -Final practical examination
		Family planning	2.2.1.1 Determine women needs according to methods of family planning.	-Problem solving learning. -Electronic learning/ blended learning	Education al video	-Final oral examination
		Abnormal pregnancy (bleeding in early & late pregnancy)	2.2.1.2 Recognize common complication of puerperium based on cultures, values and norms.	-Simulation -Small group based learning.		
		Abnormal pueriperum	2.2.1.3 discuss medical complication during puerperium	- Simulation - Advanced mobile Devices.		

Domain No.: 3 Managing people, work environment and quality

Competency	Key elements	Course Subjects	Subjects objectives	Teaching Methods	Media used	Assessment Methods
Domain 3: Managing people ,work environment and quality Competence	3.1.2. Design and implement change contributing the improvement of health care provision	Abnormal puerperium	3.1.2.1 Formulate and implement different nursing care strategies in caring of women during abnormal puerperium.	-Simulation -Clinical Practice -performance based learning.	Power point Data show	-Semester work (electronic quizzes ,Periodic clinical examinations &Mid-term examination(electronic)) -Final written examination(Electronic)
		Management of normal labor	3.1.2.2 Apply new trends for providing optimal women care during labor.	-Problem solving learning, Electronic learning, blended learning		
	3.3.2 Apply quality improvement process to enhance nursing care to achieve optimal patients/clients desired outcomes.	Physiological changes of Normal pregnancy and abnormal pregnancy (bleeding in early & late pregnancy)	3.3.2. 1 Implement standardized nursing protocols when providing care for high risk pregnancy. 3.3.2. 2 Apply standardized guidelines during pregnancy to improve desired outcomes.	-Small group case study, based learning Advanced mobile devices -Simulation -Clinical Practice -performance based learning	Educational video	-Final practical examination -Final oral examination

Domain No4: Informatics and technology

Competency	Key elements	Course Subjects	Subjects objectives	Teaching Methods	Media used	Assessment Methods
Domain 4 Informatics and technology	4.1.1 Utilize different sources of data related to advanced standards of practice and patient care.	Genital prolapse Diagnosis of pregnancy	4.1.1.1 Design nursing care plan for women suffering from genital prolapse. 4.1.1. 2 update knowledge and practices provided for pregnant women during antenatal care.	Simulation- Clinical - Practice performance - based learning Problem solving learning Electronic - learning/ blended learning Small group - based learning Advanced mobile devices.	Power point Data show Educational video	-Semester work (electronic quizzes ,Periodic clinical examinations &Mid-term examination(electronic)) -Final written examination(Electronic) -Final practical examination -Final oral examination

Competency	Key elements	Course Subjects	Subjects objectives	Teaching Methods	Media used	Assessment Methods
Domain 4 Informatics and technology	4.1.4. Conduct information management technologies for providing the holistic patient care in different health care settings.	<p>Infertility</p> <p>Ante natal care</p> <p>-Bleeding in early pregnancy.</p> <p>-Bleeding in late pregnancy.</p> <p>-Hypertensive disorders.</p> <p>-Heart disease in pregnancy.</p> <p>-Gestational diabetes.</p>	<p>4.1.4. 1 Apply holistic, systematic nursing assessment skills for designing a plan of care for women</p> <p>4.1.4.2 Use and evaluate information management technology in nursing management of high-risk pregnancy at different health settings</p>	<p>Simulation-Clinical - Practice</p> <p>Problem solving-learning,</p> <p>-Electronic learning-blended learning</p> <p>-Small group discussion ,case study</p> <p>Advanced - devices. mobile</p> <p>Electronic learning-blended learning</p>	<p>Power point</p> <p>Data show</p> <p>Educational video</p>	<p>-Semester work (electronic quizzes ,Periodic clinical examinations &Mid-term examination(electronic))</p> <p>-Final practical examination</p> <p>-Final oral examination</p> <p>-Final written examination(Electronic)</p>

- Fertilization
- Physiological changes during pregnancy
- Diagnosis of pregnancy
- Ante natal care
- Bleeding in early pregnancy
- Abortion
- Ectopic pregnancy
- Vesicular mole
- Bleeding in late pregnancy
- Placenta previa
- Abruptio placenta
- Hypertensive disorders (pregnancy induced hypertension)
- Heart disease in pregnancy
- Gestational diabetes
- Anemia during pregnancy
- Physiology of normal labor
- Management of normal labour.
- Abnormal labor

Course Content : 4- محتوى المقرر :

5- أساليب التعليم والتعلم :

Teaching and Learning Methods

- Simulation
- Clinical Practice
- Performance based learning.
- Problem solving learning.
- Electronic learning/ blended learning
- Small group-based learning.
- Advanced mobile Devices.
- Educational Video

<p>We do not have students with limited abilities, but there are methods of teaching and learning for defaulting students:</p> <ul style="list-style-type: none"> - Activate academic supervision to solve students' problem. - The teaching academic members support the defaulting students through library hours - Revision lectures and scientific lessons to all student especially defaulting student. 	<p>6- أساليب التعليم والتعلم للطلاب - نوى القدرات المحدودة Teaching and Learning Methods of Disables</p>
<p>Students Assessment</p>	<p>7- تقويم الطالب :</p>
<p>-Semester work (electronic quizzes ,Periodic clinical examinations &Mid- term examination(electronic)) -Final practical examination -Final oral examination -Final written examination(Electronic)</p>	<p>أ- الاساليب المستخدمة Used Methods</p>
<ul style="list-style-type: none"> • Electronic quizzes every 4 weeks • Periodic clinical examinations every 2 weeks • Mid- term examination (Electronic) 7th week • Final practical examination 14th week • Final oral examination 15th week • Final written examination (Electronic) 15th week 	<p>ب- التوقيت : time</p>

<ul style="list-style-type: none"> • Semester work (Quiz, Periodical examination & Mid- term examination) 60 • Final Practical examination 10 • Final Oral examination 10 • Final written examination (Electronic) 120 <p style="text-align: center;">Total 200</p>	<p>ج-توزيع الدرجات :</p> <p>Marks distribution</p>
