

توصيف برنامج دكتوراه التمريض الباطنى الجراحى ومصفوفاته ومصفوفاته للجامعى 2020-2020

نموذج (6) توصيف برنامج دراسي (للعام الأكاديمي 2019-2020)

جامعة / أكاديمية :بنها

كلية / معهد: التمريض

قسم: التمريض الباطني الجراحي

أ- معلومات أساسية:

اسم البرنامج: دكتوراة تمريض باطنى جراحى

(مشترك) (ثنائي) (مشترك) مشترك)

القسم العلمي المسئول عن البرنامج: التمريض الباطنى الجراحي

ب- معلومات متخصصة:

1- الأهداف العامة للبرنامج:

1/1 provides a framework in which postgraduate students will be able to develop their professional practice at the highest level and recognized with an academic context.

- 1/2 Interpret advanced knowledge and skills necessary to undertake a variety of professional tasks and research
- 1/3 Demonstrate of various forms and the ability to lead a team working in the field of medical surgical nursing in different health areas 1/4 Apply advanced professional nursing rules with commitment to integrity and credibility of the program.

1/2 المعرفة والفهم:

- a.1. Illustrate theoretical knowledge related to medical surgical nursing.
- a.2. Identify dissemination of evidence based practice within professional scientific research that serves physical and social care.
- a.3. Identify awareness of ethical and moral behavior in clinical practices in medical surgical nursing

- a.4. Explain of evidence based practices with effective strategies to ensure safety and high quality nursing care.
- a.5. Illustrate health problems related to medical –surgical health field.
- a.6. Identify scientific knowledge to practical skill.
- a.7. Explain advanced issues related to medical surgical disorders.
- a.8. Illustrate scientific researches based on ethical issues

2/2 المهارات الذهنية:

- b.1. Formulate strategies for concluding measurement and plan of care in medical- surgical nursing.
- b.2. Interpret methods and problem solving technique based on available data.
- b.3-Utilize the general principal of public administration in nursing.
- b.4-Utilize quality management on nursing practice
- b.5. Explain newest theoretical research and professional issues for improving knowledge, and practice in medical surgical nursing.
- b.6. Discuss management of medical surgical threatening conditions.
- b.7. classify of effective manner to improve the knowledge and skills required for contemporary new update scope of practices.
- b.8. Formulate problem solving to make decision effectively using the best available advanced methods of nursing care in medical surgical nursing.
- b.9. Interpret judgment through challenge to medical surgical nursing care practices.
- b.10. Explain the effective communication and interpersonal skills to interact with patients, clients, and their families based on scientific rational.
- b.11- Design a proposal and prepare scientific paper.

- b.12- Utilize best available advanced method of nursing care in medical surgical nursing.
- b.14. Discuss correlation between nursing performance and its effect on patient's health outcome effectively as well as methods of maintenance and continuation of care.
- b.15- Design scientific researches based on ethical issues.
- b.16- Design plan for therapeutic intervention and care delivery taking into account social, cultural and economic factors.

- c.1. Apply current assumptions relevant to the profession of medical surgical nursing critically and independently.
- c.2. Apply professional patients' reports in different medical surgical areas.
- c.3. plan processes of professional changes context enabling patients solving problem situations.
- c.4. Apply effective particular information technology.
- c.5. Utilize the development of professional practices planning and implementing skills related to medical surgical nursing.
- c.6. Apply nursing researches to develop professional knowledge that could solve patients' problems.
- c.7. apply accurate and clear reports setting out the purpose of context documentation, in written or electronic form.
- c.8. Integrate evidence based in practice for accurate decision making related to patients' health.
- c.9. Utilize of guidance and counseling which are based on evidence regarding the management of the patients' care.

- d.1- Design effective skills in communication, giving of advice, instruction.
- d.2. Apply effective skills in communication giving advice, instruction, collaboration and with colleagues, patients and the families
- d.3-Demonstrate self-assessment and continuous education in different medical surgical nursing.

- d.4- Plan with other health care professional for improving motivation and creativity
- d.5- Classify time of nursing practice effectively.

The standards of the doctorate program in medical surgical nursing: These are the academic reference standards ARS guided by the generic standards for graduate studies issued by the National Authority for Quality Assurance and Accreditation of Education, Arab Republic of Egypt, Bench mark of university of west of England issued in March 2009 and adopted by the Department of medical Surgical Nursing on date \ as adopted by the faculty Council On 28 \ 9 \ 2019 College on \

Bench mark: العلامات المرجعية

- Bench mark of doctorate of medical –surgical program specification of university of west of England

4- هيكل ومكونات البرنامج:

مدة الدراسة لنيل درجة الدكتوراة في التمريض الباطني الجراحي لا تقل عن اربع سنوات دون ان تناقش الرسالة و يجوز لمجلس الكلية ان يعطى الطالبة مهلة سنتين في حالة قبول العذر.

ب- هيكل البرنامج: عدد الساعات / عدد الوحدات: لاتقل ساعات الدراسة لكل مادة من مواد دراسة الدكتوراة عن ساعتين نظرى لمدة 15 أسبوع.

(من الائحة): متطلبات الالتحاق بالبرنامج-6

- يشترط في الطالبة لينل درجة الدكتوارة في التمريض الباطني الجراحي ان تكون حاصلة على ماجستير في مادة التمريض الباطني الجراحي والمواد المتصلة بها بتقدير جيد على الاقل من احدى الجامعات بجمهورية مصر العربية او على درجة معادلة لها من معهد علمي اخر معترف به من الجامعه
 - اجتياز ثلاث دورات في الحاسب الالي حسب متطلبات الجامعة.
- اجتياز اختبار اللغة الانجليزية التويفل المؤسسى الصادر من الامديست بمستوى لا يقل عن 500 وحدة .

7- القواعد المنظمة لاستكمال البرنامج (من الائحة)

يشترط لنيل درجة الماجستير في التمريض ما يأتي :-

- ان تقوم ببحوث مبتكرة من موضوع يقره مجلس الجامعة بعد موافقة مجلس الكلية لمدة سنتين على الاقل من تاريخ الموافقة على التسجيل الموضوع.
 - ان تتقدم بنتائج بحوثها برسالة تقبلها لجنة الحكم (بعد مناقشتها فيها)
 - ان تجتاز بنجاح الاختبارات التحريرية والاكلينكية والشفيهيةالمقررة

This course aims to provide post graduate student with advar	nced	2- هدف
theoretical knowledge and intellectual skills required for adult patients	8	
		المقرر:
تعليمية المستهدفة:	عات ال	3- المخرج

a.1- Illustrate the nursing management for traumatized patients	
---	--

a.2- Explain the ethical issues regarding to patient undergoing organ and tissue transplantation.

المعرفة

a. 3- Explain general nursing management for patient undergoing organ and tissue transplantation.

والفهم :

a.4- Illustrate perioperative nursing management for patient with cardiothoracic surgery

a.5-Identify the advanced nursing management of therapeutic modality specifically for oncology patients with mechanical ventilator

b1- Compare the donor and recipient results cross matching examine.	ب-
b.2-Interpret care for patients with systemic failure	
b.3-Design standard of care for oncology patient	المهارات
b.4-Formulate clinical pathway chart for patient with cardiothoracic	الذهنية:
surgery .	الدهبية:

- b.5- Classify nursing intervention based on life threatened for patient with multi-trauma victim.
- b.6 Formulate the emergency nursing care plane for patient's needs regarding advanced life support.
- b.7 Explain nursing care plan for isolation of HIV patients.
- b.8- Discuss the advanced nursing management for patient with systemic disorder
- b.9- Formulate the advanced nursing management for patient with neurosurgery disorders .
- b. 10- Explain the nursing role in advanced life support regarding CPR and ventilator.
- b.11- Explain the educational need for patient with immunological system disorder as acquired immunosuppressive disease (HIV).
- b.12- Interpret role of complementary therapy in chronic illness

c1-Apply efficiently wide range of advanced medical surgical nursing	ج-
practice for patient with cancer.	
c.2 -Apply safety measure for traumatized patient	المهارات
c.3- Utilize quality of nursing care for patient with cardio thoracic	7 . 11
surgery.	المهديه
c.4- Plan of care for multi failure organ patients .	المهارات المهنية والعملية:
c.5-Plan ability to use complementary therapy.	
C.6- Apply clinical pathway form on patient with	
cardiothoracic surgery .	
D.1- Communicate in different hospital settings to interact with other	- 7
health team.	الأ اللات
d.2- plan with health team regarding ethical consideration .	المهارات العامة:
d .3- Plan appropriate guidelines to enhance self-learning.	العامة:
d.4 -Utilize different technology for obtaining update nursing knowledge and practice concerning available	
resources

كودالمقرر: NMED 9103

نموذج (7) توصيف مقرر دراسي (للعام الأكاديمي 2019-2020)

جامعة: بنها كلية: التمريض

قسم: التمريض الباطني والجراحي

		1- بيانات المقرر
الفرقة / المستوى :دكتوراه	اسم المقرر: العلوم الاساسية	الرمز الكودي :
العرف م المستوى المستوراة	التي لها علاقة بفرع التخصص	9103
عملي عملي	عدد الوحدات الدراسية: نظري	التخصص : دكتوراه
	نظرى:-3*15اسبوع عملى:- لايوجد	في التمريض الباطني والجراحي

This course aims to provide the post graduate student to design nursing management for patients with general medical and surgical health problems by 'equipping students with essential knowledge and professional skills to provide high quality nursing care.	2- هدف المقرر:
المستهدفة:	3- المخرجات التعليمية

a.1-Explain clinical manifestation of GIT problems
a.2-Identify types of gastro intestinal bleeding

- a.3- Explain complication of peptic ulcer
- a.4- Identify critically sequel of liver cirrhosis
- a.5- Illustrate signs & symptoms of hepatitis
- a.6- Explain effectively medical treatment of bronchial asthma.
- a.7- Explain clinical manifestation of pulmonary tuberculosis.
- a.8- Identify clinical manifestation of pneumonia pleural effusion
- a.9 Explain causes of hypertension.
- a.10- Illustrate clinical manifestation of rheumatic fever.
- a.11- Explain medical treatment of coronary artery disease.
- a.12- Illustrate clinical manifestation of congestive heart failure.
- a.13- Explain different types of anemia
- a.14- Illustrate common causes of urinary disorder.
- a.15- Explain problems related to urinary disorders.
- a.16- Explain causes of wounds.
- a.17- Identify the different types of burn.

أ- المعرفة والفهم:

- b.1- Compare between types of hepatitis.
- b.2- Design management for patient with diabetes mellitus.
- b.3- formulate management for patient with bronchial asthma.
- b.4- Compare between different types of diabetes mellitus.
- b.5- formulate management for patient with pneumonia.
- b.6 Compare between the most effective treatments for patient with congestive heart failure.
- b.7-Interpret diabetic coma patient by using Glasgow coma scale.
- b.8- Compare between different types of fever.
- b.9- Design management for patient with wound
- b.10- Compare between degree of burn
- b.11-Compare between different types of shock
- b.12-Formulate management post-operative action for .complication of blood transfusion
- b.13-Design management for patient with plastic surgery
- b.14- Discuss prevention method for nosocomial infection
- b.15- Discuss prevention method of post-operative complication
- b.16-Explain management for patient with tetanus
- b.17 Discuss prevention method for breast cancer
- b.18 Compare between types of Shock.
- b.19 -Explain complication of blood transfusion
- b.20 Compare between types of plastic surgery
- b.21 Discuss pre &post-operative complications
- b.22- Interpret the most common causes of nosocomial infection.
- b.23- Evaluate the causes of gas gangrene.
- b.24- Explain clinical manifestation of tetanus.
- b.25- Discuss medical management of abscess.
- b.26- Explain signs of breast cancer.
- b.27-Explain types of hernia.

ب- المهارات الذهنية

:

M \

7
6
Second Sec
100

By the end of the course, the student should be able to c.1-Apply nursing intervention for diabetic coma patients.	ج- المهارات المهنية
c.2- plan nursing care for shocked patients.	والعملية:
c.3-Apply management for mechanically ventilated patient.	, ,
c.4- Apply blood transfusion procedure b.5-Apply different methods of cancer treatment.	
c .6- plan nursing care for different types of wounds using appropriate technique	
d.1- Work team of nursing personnel to provide proper nursing	د - المهارات العامة
care to the patients with medical health problems	
d.2- Apply role of nurse in disease prevention by detection &	•
referral of adult with medical health problems.	
d.3- Work with team to meet these needs.	
d.4- Discuss principles of ethics when dealing with patients.	

Internal medicine:

GIT system:-

- Gastrointestinal & hepatobiliary symptoms.
- -Gastrointestinal hemorrhage.
- -Diseases of liver (jaundice, acute viral hepatitis, chronic viral hepatitis, liver cirrhosis)

Respiratory system :-

-Diseases of respiratory system (bronchial asthma,pulmonary tuberculosis, pleural effusion)

Cardio vascular system:-

- -Cardiovascular disease (hypertension, coronary artery disease)
- -shock

Hematological system:-

- -Hematological system(leukemia, anemia)
- blood groups and blood transfusion

Urinary system:-

-Urinary system disorders(acute&chroic renal failure)

Endocrine system:-

-Diabetes mellitus and hypothyroidism

Immune system:-

(rheumatic fever, rheumatic arthritis)

-brucellosis and fever of unknown origin

General surgery

Breast cancer

Burn

Pri-operative

toxic goiter

Wound(gangrene, tetanus, abscess (

Shock

محضر مجلس قسم التمريض الباطني والجراحي عن شهرسبتمبر 2019

إنه في يوم الأحد الموافق15-9-2019 تم عقد اجتماع مجلس قسم التمريض الباطني الجراحي بحضور كلا من:-

أ.د/ مروة مصطفى راغب رئيسا

أد/ حنان جابر محمد عضوا

أ.م.د/ هبة عبد القادر على عضوا

أ.م.د/ منال حامد محمود عضوا

أ.م.د/ أمل سعيد طه عضوا

أ.م.د/صباح سعيد محمد عضوا

أ.م.د/هالة عبد السلام شتا عضوا

د/سماح السيد غنيم عضوا

د/صفاء محمد حامد عضوا

د/ایمان صبحی عمران عضوا

د/ رشا فتحی محمد عضوا

د/ مروة مسعد عضوا

د/ نهال محمود أبو الفضل عضوا

د/ راویة علی ابراهیم عضوا

د/علا احمد محمد

د/ دعاء محمد محمو د

د/هند محمد محمو د

بنود مجلس شهر سبتمبر

اولا: ما يخص شئون الطلاب:

- 1- الاستعداد للعام الدراسي الجديد وانهاء الخطط الدراسية للفرقتين والانتهاء من عمل الكتب الدراسية للعام الدراسي الجديد2020/2019
 - 2- تجهيز قوائم اسماء الطلاب الجدد بالنسبة لطلاب الفرقة الاولى واستلام الجداول الدر اسية من شئون الطلاب
 - 3- تجهيز طلبية المعامل للترم الاول للفرقتين
- 4-التنبيه على الطلاب ضرورة الالتزام بمواعيد المحاضرات من الساعة التاسعة صباحا وايضا الالتزام بالزي للمعامل .
- 5-جارى تجهيز كتاب النظرى والعملى للفرقة الثانية الترم الاول لائحة حديثة Medical). SurgicalII)
 - 6-ترشيح لجنة لمراجعة الكتب الدراسية ومراجعة مراجعة ماعمع العملي .
 - 7- تفعيل المقرر الالكتروني .

ثانيا: اعضاء هيئة التدريس:

- 1-تهنئة أ.د/حنان جابر بمناسبة حصولها على درجة استاذو أ.م.د/ هالة شتا بمناسبة حصولها على درجة استاذ مساعد
 - 2- تهنئة د/علا احمد ود/دعاء محمود ود/ هند علام بمناسبة الترقية لدرجة مدرس
- 3- تهنئة م.م/ ابتسام سعد و م.م/ ايمان جمال و م.م/ رحاب رشوان وم.م /ونيسة محمد بمناسبة الترقية لدرجة مدرس مساعد
 - 4- اعتماد اوراق الترقية المقدمة من أم.د/ منال حامد محمد للترقية لدرجة استاذ بالقسم
 - 5- توزيع المهام على الاعضاء بالفرقتين
 - 6-تم الموافقة على اجازة رعاية الطفل المقدم من م/ روان محمد السيد مرسى
 - 7-ترشيح السادة الاساتذة القائمين بالتدريس للماجيستير للعام الجامعي 2020/2019
 - 8- تم حضور اعضاء هيئة التدريس ومعاونيهم خلال شهر اغسطس 2019 و لا يوجد غياب.

ثالثا: المشاركة المجتمعية:

1-ترشيح أم.د/ امل سعيد لالقاء محاضرة عن كيفية عمل بنك الاسئلة في 2019/12/1

2-ترشيح السادة اعضاء هيئة التدريس من القسم لتدريس محاضرات البرنامج التدريبي لطلاب الامتياز للعام الدراسي الجديد ومرفق طيه نسخة من جدول التدريس للامتياز

رابعا: اعمال الجودة:

- 1- تجهيز ملف القسم للمراجعة
- 2- الانتهاء من تعديل التوصيفات للفرقتين وايضا توصيفات الدراسات العليا
 - 3- البدء في عمل التوصيفات للفرقتين للعامالدر اسى الجديد 2020/2019

4- بخصوص تحديث توصيفات برامج ومقررات الدراسات العليا (ماجيستير ودكتوراه) الخاصة بقسم تمريض

الباطني الجراحي للعام الجامعي 2020/2019.

- 5- مناقشة ألية متابعة الدراسات العليا الخاصة بالقسم.
- 6- مناقشة ألية التسجيل والاشراف الخاصة بالدراسات العليا.
- 7- عرض ومناقشة المعايير الأكاديمية المرجعية (ARS) الخاص بقسم تمريض الباطني الجراحي
- 8- عمل مصفوفات برامج الماجستير والدكتوراه (مصفوفة المعايير الاكاديمية المرجعية ARS مع النواتج التعليمية المستهدفة من البرنامج ILOS
 - 9- اعداد الاجراءات التصحيحية بناء على تقارير المراجع الداخلي والخارجي

القرار:-

تمت المناقشة

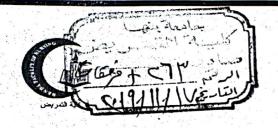

رئيس القسم

ا.د/مروة مصطفى ر-مرووصوب

مجلس الكلية

كلية التمريض أمانة مجلس الكلية

جدول أعمال مجلس الكلية

الجلسة رقه (١١٥) بتاريخ ٢٠١٩/٩/٢٨

افتتاح الجلسة " بسم الله الرحمن الرحيم "

تتقدم اسرة كلية التمريض بدالص التعازي الاستاذ الدكتور / جلال احمد الدولي المؤسس لقسم تمريض النسا والتوليد سآئلين المولي عز وجل ان يتغمده في واسع رحمته غفر الله الفقيد وألبسه لباس الرحمة والغفران ..
